The screenshot shows a Windows Search Results window. The title bar reads "Search Results". The menu bar includes "File", "Edit", "View", "Favorites", "Tools", and "Help". The toolbar contains "Back", "Forward", "Search", "Folders", and a view icon. The main area displays a table of search results:

Name	In Folder	Size	Type	Date Modified
nv4_disp.dll	C:\WINDOWS\%ntServicePackU...	4,175 KB	Application Extension	04/08/2004 00:56

On the left side, there is a "Search Companion" pane with a search icon and a "Back" button. Below the search results, there is a message box that says "There were 6 files found. Did you find what you wanted?" with several options: "Yes, finished searching", "Yes, but make future searches faster", "No, refine this search and..." (with sub-options "Change file name or keywords" and "Look in more locations"), and "Start a new search". A "Back" button is also present at the bottom of the message box. A small cartoon dog is visible in the bottom left corner of the window.
